Solar Landscape Light V2

The bright Solar Landscape Light V2 is a heavily featured light, containing 2 PIR motion/proximity sensors, 3 lighting modes, 360-degree illumination, and a sturdy design. Because of its energy efficient battery and monocrystalline solar panel, this light can provide over 7 nights of continual lighting per charge, meaning this product is both reliable and sustainable.

All Star 8 solar lights maximise battery life and charge life because they incorporate adaptive lighting, variable frequency and temperature control patented technologies.
