

STAR 8 LUXURY TUK-TUK

(Not Available in Australia)

Our solar electric Luxury Tuk-tuk redefines tuk-tuk travel with comfortable seating, soft suspension, and a smooth, quiet ride unmatched by traditional models. Proven across South-East Asia for many years, it delivers reliability, style, and an elevated passenger experience.

Step inside and enjoy thoughtful features including ambient interior lighting, convenient rear-door access, and integrated USB charging outlets to keep mobile devices powered throughout the journey.

The Luxury TT charges effortlessly from our innovative charge-as-you-go rooftop solar system or any standard power outlet. Enjoy the serenity of electric travel and eliminate the high fuel and maintenance costs of combustion engines. The Luxury Tuk-tuk is a proven very successful commercial tuk-tuk for use on public roads outside Australia. It has a maximum speed of 50kph and can carry 10 passengers.
